22-37 TO CONSIDER PLANNING APPLICATIONS RECEIVED FROM CORNWALL COUNCIL AND THE COUNCIL'S RESPONSES

1) Application **PA22/03766** Proposal Single new two storey, 3 bedroom, detached dwelling in garden to side of existing house. Location Land Adj To 33 Watersmead Parc Budock Water Falmouth Cornwall TR11 5EL Applicant Mr and Mrs Leeman Grid Ref 178277 / 32097(Case Officer – James Moseley)

It was proposed by Cllr Hart and seconded by Cllr Grounds and:

RESOLVED that the following comment be submitted:- Budock Parish Council is aware of supporting local families, but on this occasion, we are unable to support this application due to the lack of off-road parking spaces on a new development as per the 'Summary of things to be Considered' on page 21 of the Budock Neighbourhood Plan. We also feel that the new building would be an overdevelopment of the site, perhaps as an addition to the terrace rather than a detached house this might not be the case. Again, as per the 'Summary of things to be Considered' in view of the size and position this may be regarded as a modest small-scale development, one property may be classed as small-scale but in relation to the size of the plot it is thought by the Council to be over development."

On a vote being taken this was agreed with one abstention

2) Application **PA22/03973** Proposal Demolition of existing garage and construction of detached 2 storey Garage with a room within the Roof Space Location Parkside Penjerrick Hill Budock Water Cornwall TR11 SEE Applicant Mr R Watts-Jones Grid Ref 177916 / 30499 (Case Officer - James Moseley)

It was proposed by Cllr Hart and seconded by Cllr Grounds and:

RESOLVED that the following comment be submitted:- Budock Parish Council have no objections as this demolition of the existing sheds and a new building in their place would tidy up this area, but we would wish a condition that this cannot be used for residential purposes' and would remind the applicant of the aims of the NDP, this seeks to encourage the inclusion of the following where applicable to their project. Water harvesting : Air or ground source heating : Solar or photovoltaic panels : Car charging points : and enhanced insulation

On a vote being taken this was agreed with one abstention

3) Application **PA22/04477** Proposal Replacement of existing windows with higher energy efficient windows, cladding original garage in cedar wood and cladding extension to the original house in dark wood.
