MHCLG ref:

APP/D0840/W/24/3336515

Appeal start date 13th March 2024 Cornwall Council decision **REFUSED**

It was proposed by Cllr Burnett and seconded by Cllr Hart and:

RESOLVED that the following comment be submitted:- This land is not identified for development either in the NDP or the Cornwall DPD. It is against the NDP Section H2: Rural exception sites which states Residential Development outside the Development Boundaries will be supported only where it is to deliver 'Affordable Housing' to meet an identified local need. The Parish has little or no housing need and what there is, will be more than covered at the newly granted Barrett's development at Pen Bethan.

Under paragraph H4 in the NDP adopted in July 2021 in order, to avoid the potential for coalescence with the surrounding developed areas of Falmouth and Penryn, specific Green Gap Sites have been designated as those areas which are most sensitive to development or light pollution and development will not be supported. The green area nearest to this site runs right alongside the approach road to the buildings on the site and the whole site is clearly visible in a prominent hilltop the potential for visual intrusion and / or light pollution would be considerable.

Five houses in this small area would, we believe, be classed as overdevelopment.

We do not believe that the access on to Hillhead is satisfactory especially as potentially eight to ten cars could be using the 'lane' from Hillhead to Belle Vista. It is questionable that this 'lane' is even suitable for that amount of traffic.

The criteria is entitled 'sustainability' this includes access to nearby public transport and shops amongst other things.

This development is sadly lacking in either of those areas.

Members of the council noted that in view of the speed of traffic using this road then the access on to Hill Head Road felt very dangerous. The photographs provided are very misleading as they were taken in June 2023 when the trees surrounding the area would be in full leaf. Perhaps we could see the same photographs from the same vantage point but taken in December when trees are bare!!

More confusingly the plans show one of the proposed houses sitting on top of the location of the property granted under application PA23/04750

On a vote being taken this was agreed with one abstention
